

NC CATCH WORKSHOP at The Agapé Center for Environmental Education - Rural Duncan (near Fuquay-Varina)

Join Mike Campbell, NC Wildlife Resources Commission Education Specialist for this 6-hour NC CATCH workshop.

CATCH workshops (Caring for Aquatics Through Conservation Habits) use the CATCH curriculum guide to explore ways to teach about aquatic environments through fish biology, habitat requirements, outdoor ethics, water safety and fishing skills. Techniques and activities are geared for children ages 8 to 15, but can be used with other age groups as well. This workshop will qualify for public school CEU credit, as well as NC OEE Certification.

Bring your own lunch. Reservations required; space limited to 24 participants.

When? Wednesday, March 9, 2010

Time? 9:00 a.m.-3:30 p.m.

Cost? \$15.00 - includes refreshments

Where? Agapé Center for Environmental Education, Fuquay-Varina, NC (www.agapekurebeach.org/aceabout.htm)
